Mac's Ambulance Lift

MACS is Making Ambulance Crews Safer with the Mac's Ambulance Lift. The lift comes with a 750 lbs. weight capacity and the platform is universal and can accommodate any cot or stretcher you use. The Bumper Stow Technology makes the lift available to the ambulance crew at all times and functions as a bumper and step. Now with handles for easier stow. Don't Strain Your Back...Go See Mac!

Platform sizes 24" x 64", 24" x 76" or 30" x 76"

Weight capacity 750 lbs.

A. Bumper Stow feature

Mac's Ambulance Lifts stow underneath the vehicle and act as a functioning step and bumper for the ambulance.

B. NEW Flip Section feature

Depending on the chassis and ambulance some Mac's Ambulance Lifts can be equipped with a flip section to increase clearances needed by cots for un/loading without the lift.

C. Side Mount Application

Mac's Ambulance Lift can be designed to fit in the side door of some ambulances.

Mac's Bariatric Ambulance Lift

MACS is Making Ambulance Crews Safer with the Mac's Bariatric Ambulance Lift. The lift comes with a 1,000 or 1,300 lbs. weight capacity and the platform is universal and can accommodate any cot or stretcher you use. The Bumper Stow Technology makes the lift available to the ambulance crew at all times and functions as a bumper and step. Now with handles for easier stow. Don't Strain Your Back...Go See Mac!

Platform sizes 24" x 64", 24" x 76" or 30" x 76"
Weight capacity 1,000 lbs. and 1,300 lbs.

A. Bumper Stow feature

Mac's Ambulance Lifts stow underneath the vehicle and act as a functioning step and bumper for the ambulance.

B. NEW Flip Section feature

Depending on the chassis and ambulance some Mac's Ambulance Lifts can be equipped with a flip section to increase clearances needed by cots for un/loading without the lift.

C. Side Mount Application

Mac's Ambulance Lift can be designed to fit in the side door of some ambulances.

A

Mac's Coroner Vehicle Lift

Mac's Coroner Vehicle Lift is new to the market in 2015. The lift comes with a 1,300 lbs. weight capacity and the platform is universal and can accommodate any cot or stretcher you use. The Bumper Stow Technology makes the lift available to the crew at all times and functions as a bumper and step. Now with handles for easier stow. Don't Strain Your Back...Go See Mac!

Mac's Prisoner Transport Lift

Mac's Prisoner Transport Lift is the safest way to load a high risk prisoner in a restraint chair. The lift comes with a 750 lbs. weight capacity and the platform is universal and can accommodate any restraint chair, cot or stretcher you use. The Bumper Stow Technology makes the lift available to the ambulance crew at all times and functions as a bumper and step. Now with handles for easier stow. Don't Strain Your Back...Go See Mac!

Platform sizes 24" x 54"

Weight capacity 750 lbs.

A. Bumper Stow feature

Mac's Prisoner Transport Lifts stow underneath the vehicle and act as a functioning step and bumper for the ambulance.

B. NEW Flip Section feature

Depending on the chassis and build some Mac's Prisoner Transport Lifts can be equipped with a flip section to increase clearances needed by cots for un/loading without the lift.

C. Handrails

Mac's Lifts can fit many specialty vehicles for a variety of custom jobs

Custom lift applications are just a bit of what we do here at Mac's Lift Gate. Specialty Vehicles come in many shapes, sizes and needs. Any job that a ramp is considered could also use a lift, making that job faster and safer for everyone involved.
